47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Why would you want to limit our choices? I'm a small business owner and a lower income person in the stupidly overpriced city of San Francisco and I need a less expensive and more reliable service like Sonic. I use them for internet and phone and rely on them completely. They also have excellent and easy to reach customer service, unlike many of the bigger providers I have tried. We need equal access for all to these excellent offerings, regardless of income level.
