**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please allow broadband competition and fair pricing. Both of these functions of capitalism are disappearing in the Internet marketplace today. We need to control price hikes that increase the cost of Internet and other communication services.

I use Sonic because of costs and value structures and it's dedication is extremely important to the way I live. I wish to be able to continue to be able to afford this broadband service and what I see the infrastructure businesses doing, as they did before, is to squeeze these providers out of the market.

Please do not allow this!
