**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in Silicon Valley and rely upon the services of SONIC.NET because they provide better services to my household than ATT or Verizon or the other big commercial services.

They give me reliable phone and DSL services. But most importantly EXCELLENT customer services. All this at a competitive low price.

They are a great example of competition out dueling the major monopolies like ATT and Verizon and Comcast etc.

Protect the small firm. It is good for me, other consumers, business environment, innovation.

I am looking forward to using their fiber services once they are available to our city. I will use them because of the excellent services they have provided to date.

Keep them alive!
