**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Thankfully, there is finally competition because where I live there is only ONE other provider...AT&T...and they are garbage. I've been lied to by AT&T on numerous occasions, their service is unreliable, their customer support is deplorable, they've over charged me for their services (I actually check my bills)...

The list could go on and on.

When Sonic became available in our area, it was a no brainer. I chose to go with Sonic for many reasons. They've got the best customer service of any internet provider company I've ever dealt with.

Their prices beat AT&T. They're a local business. This list could also go on and on.
