**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competitive internet service is desirable for so many reasons--but these are the most important:

1. better pricing
2. better service
3. better access

As a small business owner, all of these reasons directly affect my bottom line and my customers' satisfaction via their ability to access what I'm selling. I wholeheartedly support broadband competition!
