**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It's ridiculous that we live in the USA yet have such poor quality broadband options and price-for-quality compared to other countries. Please further encourage competition and innovation, rather than locking us into fewer bad choices.

I am lucky enough to live in a large building where we use Google for our service, but most people I know are trapped with only one cause as an option.
