**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I do not have cable and subscribe to a local competitive provider whose prices and customer service for phone and internet are more attractive than ATT and other larger providers.

If you do not allow access to unbundled network elements (UNEs) and/or services (that they can resell), local companies such as Sonic.com will be forced out of business. If this happens, not only will customer service decline but prices for phone and internet will definitely increase.

Approving the proposed changes will eliminate competition and once again put us at the mercy of these large corporations.

No to changes! No to price hikes! No to dealing with terrible customer service!

Thank you for your consideration.

Eileen Chadwick
