**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer that uses broadband and supports broadband competition! We can not get any faster service because when we bought our home in 1969 AT&T had a box in our backyard that can not go under or above ground. That prevents use from having fiber. So we are stuck with the speed what we have. I do not want to see the rates going up because we have no other options. So that makes our local broadband provider very critical to us.

Thank You,
