**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a person who does everything to find the best product at the best price in this free market economy, I have found a great service in Sonic broadband. They offer unbundled copper and inter-city fiber transport elements (UNEs) to compete with other providers in the area. This competition has made the products better at a better price to consumers such as myself. I testify that my access to UNE services has helped me and I would be materially impacted if the access was restricted.
