**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It's extremely important to stop AT&T and other large corporations from eliminating smaller businesses in the same market. Without competition consumers have less options, meaning a monopolized market, meaning higher prices and less access to internet and communications for many. We don't want to live in a society where more people are cut off from access to the internet and other means of information and communication because we want people to be able to stay informed and educated.

As a student from UC Berkeley I demand that local broadband competition not be limited for the sake of big corporate greed.
