**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

stop deciding for The People. We want competitive, fair prices and many options to choose from.  
This has already happened (we know how, too):

The FCC is about to give massive internet service providers the power to divide the internet. It is at risk of becoming unrecognizable. A vital global utility that has been a boon to creative and economic freedom for people around the world may be turned into a twisted land of tolls and corporate control.

Thanks for serving the Public, Mr. Pai.
