**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The United States America were built on free market and competition. Allow companies to fight for their share of the market and keep the economy thriving.

The prices of a common necessity (yes, internet is now one as it is required for mandatory federal and personal operations) should not be held in the hands of a few companies that can manipulate the market and boot off competition. I myself use a competitive providers for their better customer relationship and reasonable prices.

FCC, let the capitalism do its work.

Thank you.
