**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic.net for their outstanding customer service. This is why I compromised with DSL until Fiber was made available. Now I have fantastic internet & phone service along with that great customer service; all at a more than fair cost for the service. I am in favor of the 96 Act because it promotes competition, enabling fiber deployment and offering better service options for consumers.

Sonic.net has proven they can provide top notch service for a very fair price to consumers so I am against price hikes which will increase the cost of internet and telephone services. My wife runs her business out of the house, so this is especially important to me.

Thank you for your consideration,

Shea Rosen
