47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Im a customer of Sonic ISP in San Francisco. After years of crappy, slow DSL service from companies like ATT and Comcast, these guys are a breath of fresh air. The fiber connection they provide at a reasonable cost lets me work from home and video conference with my employees from sround the world. We need multiple ISP choices in each market to keep prices down and quality of service high. Please do whatever is in your power to spur competition in the ISP industry.
