**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I choose a competitive provider for the value and customer support I receive. I also choose a competitive provider because the strength of our entire economy in the US is based on the option of multiple providers selling a comparable service.

I say NO to price hikes affecting quality of life. Access to communication should be affordable for all members of the market, not just the elite.

Affordable high-speed internet and phone is crucial for prosperity within our technology driven environment.
