**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Our local small ISP provider (Sonic.net) gives us excellent customized service that we have not received from the large ISP providers. I will pay more for this service. I do not want the large "box" ISP providers to be our only option. We previously had DSL provided by Sonic.net and they worked with us when fiber became available. Last time I checked the USA still has antitrust laws on the books. We WANT broadband competition! We do NOT want broadband monopolies!

Thank you.
