**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Our family uses LMI, a competitive provider that is not Comcast or any other huge provider. We want more competition in this market place because it results in better service. I'd like to say NO to price hikes that will increase the cost of internet and telephone services. Broadband is critical to my work as a school teacher. Please support any measures that will not allow large corporations to raise costs and kill competition. It's bad for the consumer taxpayer.
