**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need more competition. Our small internet provider Sonic has done a much better job rolling out and providing fiber optic service to homes then competitors such as AT&T and comcast. Our large carriers are charging unreasonable prices and throttling service at the same time.

Broadband is a critical need and our small competitors are proving better and faster fiber networks to our homes, schools and businesses.

We have Fiber today that wouldn't exist if we didn't have small competitors.
