**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Seriously do not destroy the residential market by letting a few big carriers dictate how we receive our Internet. USTelecom is either clueless or downright evil to suggest that copper based and smaller companies don't play a WANTED and needed role in providing Internet service!

We now live in a world where WE HAVE to have internet service to operate in the 21st century so don't take away choice which for some of us in rural areas means no choice at all. To do so would be Orwellian and backwards!
