**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My husband and I live in a rural area and cannot get broadband service through AT&T. Instead we had to suffer through internet service that could be very slow, and, if we were deemed to use too much our service was slowed even more. This was our fate for many years until RACE became available to us. Now we can enjoy broadband service at very reasonable rates.

Now we are faced with major increases if this price hike occurs. It seems as though this is retaliation from AT&T for taking away their monopoly on our internet.

Please do not allow this price increase. Keep our internet the way it has become. Do not throw us back into poor internet.

Thank you
