**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live and work in San Francisco where I consider it a gift that there is even a little competition in the field of ISPs. In fact, I consider it a shame that there is not more options. I have been deeply troubled by some of the actions of the FCC to provide still greater monopoly power to some of the largest ISPs in the country including repealing net neutrality and more recently considering the dismantle key components of the 1996 Telecommunications Act. If the FCC proceeds in modifying the 1996 Telecommunications Act, you will be impacting me directly as I use Sonic which is competition in the ISP market in San Francisco.

Please do the will of Congress and the American people and maintain regulation as it is.
