**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We live in Sebastopol CA and Sonic.net has been an amazing Internet provider instead of AT&T. We currently have Gigabit fiber for \$40+fees, something I could not touch with other providers. Sonic has better customer service, speed and line quality. As I understand it they currently use AT&T and then Sonic rents space on copper lines for the fiber line. If this goes thru our price and quality would surely go down. Please keep smaller companies in business as this is the lifeblood of America...where most of the jobs are created!
