**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC

I receive internet service through a small provider in Santa Rosa, California. Our provider, Sonic.net, is great! It is much less expensive, only two-thirds of what we used to pay ATT. More important to me is the excellent technical service I receive. Its readily available, within minutes, and the technicians are not only living in the USA, but in my county. Imagine that!

I switched from AT&T a few years ago. AT&T had been steadily raising their prices for service, and I was paying well over \$100 a month just for a landline and internet. I found their customer service unhelpful and not able to meet my needs.

If I have to return to ATT because Sonic will be forced out of business due to de-regulation, I will have to pay more and get less from ATT. Please dont de-regulate our local ISPs.

Sincerely,

CAROL MILLS
