**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

With all the talk of open markets, why give the large telecom monopolies the power to control others business.

Let free market forces work. Stop protecting the monopolies.

Im with a small ISP because they offer what I want at a competitive price. With the large companies all types of services are bundled, services I do not need or care for but would need to pay for.

Let the market decide what works for the consumers.

Thank you for listening.
