**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I definitely oppose the US Telecom petition. My local internet provider and the service I get from them is far superior to the Big Telephone companies. They have a local office that I can visit to get internet help. I don't have to wait to be connected by the telephone to somebody in a foreign company that I can barely understand. I can always get technical help locally plus they offer better rates that include my telephone service, and they have not raised their rates in years.

I thought the FCC was supposed to protect us from monopolies?
