**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in an area where there is high competition for broadband service. I had cable internet and the vendor forced a cap on how much internet I could use before they could charge me more.

A local fiber company offered the same quality service at the same price without forcing us to reduce our browsing habits.

Without that choice I would be stuck with a vendor who is more worried about their bottom line than one who knows how to treat their customers right. I 100% support broadband competition and would hope that nothing is put in place to take away our choice.
