**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I use one of those competitors and rely on their service to bring internet to my home. I had previously tried to use AT&T and Comcast but had horrible experiences with them both. I felt like they didn't care about the individual customer. I also felt like there were some shady dealings happening with both AT&T and Comcast. Sonic, the competitive provider I use for internet service, provides consistently good service, are reactive to any problems I have, and manage any contact with AT&T, the broadband they use to provide me with service.

Please make the decision to support competition and not limit the user to two poor, unethical choices.

Thank you for your attention.
