

WENT TO THIS HOME INSTALLED A FILTER RECEPTION VERY MUCH IMPROVED.

Most people in this area cannot receive channels 6, 15, or 8 during the day due to the programming of KOKS. Channel 12 is weak and some music is picked up on it during the prime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. NOW 24 HRS.

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and necessary equipment is being effected in our households and businesses. Radios, telephones, computers, and stereo systems. Tape players play the radio signals on the tape. Any electrical or battery operated playing instruments with speakers receive radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with static or a blank picture. On your stereo systems and radios you will frequently receive only static signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children do not enjoy regular programming or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting our radio signals not to interfere with our necessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

SAID SHE WOULD CALL IF SHE WANTED A VISIT MADE TO THE HOME.

laytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. NOW 24 HRS.

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and necessary equipment is being effected in our households and bussinesses. TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with static, or a blank picture. On your stereo systems and radios you will frequently receive only KOKS radio signals or it will blend in with the station your wanting to listen to.

any people are confined to their homes due to illness or age, also many young children cannot enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our necessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

ACCORDING TO THIS PETITION YOU HAVE A BOOSTER. WE RECOMMEND YOU TRY A 75 OHM FILTER. THIS FILTER IS CARRIED BY RADIO SHACK AT A COST OF \$3.39.

WHEN INSTALLING, THE FILTER SHOULD BE PLACED BEFORE YOUR BOOSTER ON YOUR T.V.

IF YOU NEED MORE INFORMATION GIVE US A CALL BETWEEN THE HOURS OF 8:00 A.M. AND 5:00 P.M. AT 686-5080.

THANK YOU,

NINA STEWART

WE NEED YOUR HELP

part,

Are you having electrical difficulties due to the radio signals from KOKS FM radio station?

Most people in this area cannot receive channels 6, 15, or 8 during the day due to the radio programming of KOKS. Channel 12 is weak and some music is picked up on it during the daytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. NOW 24 HRS.

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

*short piece of + wire was put on. some better but still a problem*

Poplar Bluff, Mo.  
Route 10 Box 190  
Mar. 20th. 1989

Management of KOKS RADIO  
And Mrs. Stewart.

Regarding our conversation over the phone Wed. Mar. 15th. SURE I was angry and no less, so now NOT because of KOKS music or it's preaching, BUT for 6 Mos. or so your stations interference has robbed many GOOD people of their RIGHT to enjoy and choose to watch clear T.V plus we who object to such calloused treatment are branded as "sinners"

~~"forces of the BAYAN" etc. when KOKS is encroaching upon OUR rights!~~

I was raised in a Christian home, for 53 years my "DAD" was a Gospel preacher and teacher of Gospel music, & song writer. I have sung in quartets since the age of 16 over radio station KBTM in Jonesboro, directed singing for Gospel meetings in Arkansas & Mo. & locally.

My wife was in a quartet appearing regularly on KWOC sings in church quior etc. A sister and nieces compose the DIAMOND QUARTET having appeared on KWOC, KFVS, and KBTM & recorded Gospel.

All the above have served at funerals, Church services & much more. ALL still like good gospel or country music even at my age of 74. We DO NOT wish it MIXED with our T.V. however, and DO know that had the GOLDEN RULE been applied in this MESS the FUSS would be OVER! Then KOKS would have our respect and SUPPORT.

The FEW mentioned are but a minute number involved in signing the petition who <sup>are</sup> JUST as faithful to church, Gospel music, desires to be GOOD neighbors and to be christians in word deed & EXAMPLE!

If KOKS will give me a written guarantee that the filter will restore WPSD reception to NORMAL, you are welcome to try. Although on Dec. 9th. LATE morning the lady answering assured me there was NOTHING KOKS could do to HELP with WPSD reception. After reviewing all the articles published in Poplar Pluff papers plus KFVS interview, ~~DO~~ I am convinced this is a PLOY to make POINTS with FCC and the upcoming courtcase. PROVE me wrong!

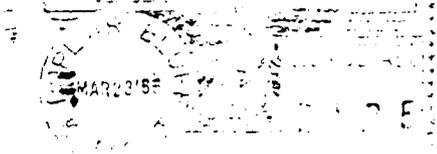

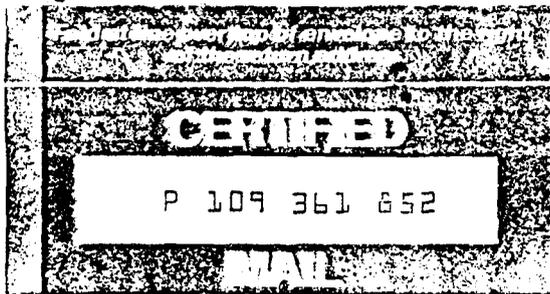

IN YOUR PHONE CALL TO MY WIFE  
THIS LATE AM. MON, MAR, 20TH  
YOU STATED THAT RECEPTION  
ON W.P.S.D. COULD NOT BE  
GUARANTEED BY INSTALLING  
YOUR FILTER - SO PLEASE

Yours for truth and fairness.

*tried an FM trap and it didn't work*

CALLED ON 4-25-1989 AT 11:30 A.M. MADE AN APPOINTMENT FOR 4-27-89  
AT 2P.M. PUT ON 750MHZ FM TRAP RECEPTION IMPROVED ON CHANNEL 8,12,15  
CHANNEL 6 WAS COMING IN BUT NOT WITH GOOD COLOR

radio programing of KOKS. Channel 12 is weak and some music is missing  
daytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This  
is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. NOW 24 HRS.

We have been told by the KOKS radio station "We will be staying on the air, everything  
will stay like it is and you might as well get use to it. You will never be able to pick up  
channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People  
do not know why their having these electrical difficulties the past month or so, we hope this  
letter will let you know what is going on. As you read this letter please support this effort  
to solve this problem.

Many items and necessary equipment is being effected in our households and bussinesses.  
TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals  
with the tape. Any electrical or battery operated playing instruments with speakers receive  
the radio station signals, burgular alarm system, and baby monitors also receive the radio  
station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with  
static, or a blank picture. On your stereo systems and radios you will frequently receive only  
radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children  
cannot enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting  
their radio signals not to interfere with our necessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to  
think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people  
receiving this radio interference. The only way we can stop this is by joining together and  
letting them know what is happening to the public at large. It is not right for anyone to  
monopolize or dictate the airways.

**WE NEED YOUR HELP**

ent,

... the radio signals from KOKS FM radio station?  
INDIVIDUAL WHO SIGNED COMPLAINT IN JAPAN. PERSON TALKED TO SAID CHANNEL 6 GONE BUT  
INTERFERENCE ON PHONE CLEARED UP. HASN'T USED VCR IN QUITE AWHILE SO DON'T KNOW  
IF ANY TROUBLE WITH IT OR NOT.

channel 6 again and were not responsible for interference.

DOLLAR BLUFF, MO. 63901

*Darlene Stratton:*  
*Chester Stratton:*

WE WERE UNABLE TO CONTACT YOU BY PHONE. WE NEED TO KNOW WHAT TYPE OF INTERFERENCE YOU ARE HAVING.

A VISIT TO YOUR HOME MAY BE NEEDED TO HELP US IN SOLVING YOUR PROBLEM. IF YOU LIVE ON A ROUTE OR HAVE A P.O. BOX NUMBER PLEASE GIVE US THE EXACT ROAD AND MILEAGE.

IF YOU HAVE A PHONE GIVE US A CALL BETWEEN THE HOURS OF 8 A.M. AND 5 P.M. IF YOU DO NOT HAVE A PHONE WRITE US A LETTER WITHIN TEN (10) DAYS OF RECEIVING THIS LETTER. THE SOONER WE HEAR FROM YOU THE FASTER WE CAN HELP TO SOLVE YOUR PROBLEM.

IF WE DO NOT HEAR FROM YOU IN TEN DAYS WE WILL ASSUME THAT YOUR INTERFERENCE IS SOLVED.

THANK YOU

NINA STEWART

WE HAVE NO PHONE NUMBER. MAILED LETTER JAN. 11. RECEIVED NO RESPONSE. LETTER WAS NOT RETURNED. MAILED SECOND LETTER 4-25-89.
