

CALLER ON 3-20-89 at 8:18 P.M. SAID HAD A BOOSTER

... people in the area cannot receive channels 6, 12, or 8 during the day due to the radio programming of KOKS. Channel 12 is weak and some music is picked up on it during the daytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. NOW 24 HRS.

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and necessary equipment is being effected in our households and bussinesses. TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with c, or a blank picture. On your stereo systems and radios you will frequently receive only KOKS radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children cannot enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our neccessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

Please support your rights by mailing this letter to: Dorris Smith *mail today!*

HOSTILE AND/OR UNCOOPERATIVE COMPLAINTS

CALLED ON 3-20-89 AT 9:45 A.M. HER HUSBAND ANSWERED AND SAID JACKIE WAS NOT HOME HE ASKED WHAT I WANTED TO TALK TO HER ABOUT AND I TOLD HIM IT WAS ABOUT THE PETITION SHE HAD SIGNED ABOUT INTERFERENCE AND ASKED WHEN WOULD BE A GOOD TIME TO CALL THAT I COULD TALK TO JACKIE. HE WAS VERY HOSTILE AND ASKED WHAT WE WERE DOING AND I SAID INSTALLING FILTERS AND I TOLD HIM WHAT TYPE OF FILTER WE WERE USING HE DID NOT THINK THAT WOULD HELP. I ASKED IF I COULD CALL AT NIGHT AND TALK TO JACKIE HE FINALLY AGREED THAT I COULD CALL
 CALLED ON 3-21-89 AT 7:43 P.M. TALKED TO JACKIE SAID THEY LIVED ABOUT 6 MILES FROM TOWER SITE TALKED TO HER ABOUT FILTERS THAT WOULD HELP THEIR RECEPTION SHE SAID SHE WOULD HAVE TO TALK TO HER HUSBAND HAVE NOT BEEN ABLE TO REACH HER HUSBAND.

... know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and necessary equipment is being effected in our households and bussinesses. TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with static, or a blank picture. On your stereo systems and radios you will frequently receive only S radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children cannot enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our neccessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

CALLED AND MADE A VISIT TO THIS HOME INSTALLED FILTER IMPROVED RECEPTION
THIS WAS ON 3-22-89 AT 11: A.M.

radio programing of KOKS. Channel 12 is weak and some music is picked up on it during the daytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. NOW 24 HRS.

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.

Many items and necessary equipment is being effected in our households and bussinesses. TV's, radios, telephones, computers, and stereo systems. Tape players play the radio signals with the tape. Any electrical or battery operated playing instruments with speakers receive the radio station signals, burgular alarm system, and baby monitors also receive the radio station signals.

If your receiving the radio station signals on your TV, it will be blocked out, snowy with static, or a blank picture. On your stereo systems and radios you will frequently receive only radio signals or it will blend in with the station your wanting to listen to.

Many people are confined to their homes due to illness or age, also many young children cannot enjoy regular programing or items for enjoyment and entertainment.

We are not trying to put the KOKS FM radio station out of business, we are just wanting their radio signals not to interfere with our neccessary household and business items.

We have tried for over a month to get these problems solved. The radio station seems to think everything is okey, but we need to let the station know these problems exist.

These letters will be sent to necessary offices so we can get help for the people receiving this radio interference. The only way we can stop this is by joining together and letting them know what is happening to the public at large. It is not right for anyone to monopolize or dictate the airways.

THANK YOU
NINA STEWART

PHONE # 686-5080

MRS. MORRIS CALLED ON 3-20-1989 AT 11:15 A.M. VERY UPSET SAID SHE DID NOT SIGN A PETITION I (NINA STEWART) TALKED TO HER FOR A FEW MINUTES EXPLAINED TO HER THE PETITION SHE THEN SAID SHE DID SIGN SOMETHING AT A STORE SHE DOES NOT SEE VERY GOOD SO SHE DID NOT UNDERSTAND WHAT SHE WAS SIGNING. SHE SAID SHE HAS NO INTERFERENCE ON HER TV DID NOT CIRCLE CHANNEL 12 OR 15 BECAUSE SHE DOES NOT HAVE ANY INTERFERENCE. SHE SAID A VISIT COULD BE MADE TO HER HOME TO PROVE THERE IS NO INTERFERENCE.

WE NEED YOUR HELP

Occupant,

Are you having electrical difficulties due to the radio signals from KOKS FM radio station?

Most people in this area cannot receive channels 6, 15, or 8 during the day due to the radio programming of KOKS. Channel 12 is weak and some music is picked up on it during the daytime hours.

The radio station shuts down at 6:00 p.m. and starts again during the morning hours. This is only temporary, they are going to 24 hour broadcasting 100,000. watts very soon. NOW 24 HRS.

We have been told by the KOKS radio station "We will be staying on the air, everything will stay like it is and you might as well get use to it. You will never be able to pick up channel 6 again and were not responsible for interference on radios, TV's, tape players ect."

People are being out money to see why their TV's and radios are not working right. People do not know why their having these electrical difficulties the past month or so, we hope this letter will let you know what is going on. As you read this letter please support this effort to solve this problem.
