**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic residential subscribers do exist, and I would be "materially affected" if key components of the 1996 Telecommunications Act are dismantled. In fact, the effects would be profound; without access to UNE services, Sonic wouldnt have been able to connect consumers or me while they build fiber networks, nor would they be able to fund the construction of their fiber networks. And once fiber networks are built, UNEs are still used they connect from city to city and are the key backhaul for all of a fiber networks.

So, as a residential Sonic customer, I will be materially affected if this petition is granted to dismantle key portions of the 1996 Telecommunications Act.
