Re: Petition of US Telecom for Forbearance Pursuant to 47 U.S.C. § 160(c) to Accelerate Investment in Broadband and Next-Generation Networks, WC Docket No. 18-141

Dear Ms. Dortch,

I am writing to you on behalf of Aquarius Equipment Finance in San Francisco, California. We are a Sonic customer, and we urge you not to grant US Telecom's petition.

Sonic provides our internet services which is the core of how we communicate internally and externally. They provide a speed of 31.02 Mbps Upload and 30.72 Mbps Download. We are very happy with this service.

We chose Sonic because of their response to downtime and the excellent customer service that they provide. They are a valid option to other larger providers.

The cost of service is manageable for a small business like ours. We already purchase phone services from AT&T and would like to remain with Sonic for Internet services.

Please do not end the ability of providers like Sonic to offer an alternative to the incumbent providers.

Sincerely,

Nancy Isawa  
Office Manager  
Aquarius Equipment Finance
