**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I understand the USTelecom has petitioned the FCC to dismantle key components of the 1996 Telecommunications Act. My husband and I will definitely be materially affected if this occurs.

We are retired and live on a fixed income and we chose Sonic.com for our phone and internet service because their price for this service was less than AT&T and all the other large companies and also, because of their personal service. My server Sonic, is still building their fiber networks and I am looking forward to having this fast service. They will still be using UNE's to compete in my residential market place. I rely on Sonic for my phone and internet service at reasonable rates. I oppose this petition for these reasons.

Please do not grant this petition.

Respectfully yours,

Anne Brydon
