**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing to express my support for Local Internet providers. I have had the same service for several years and I believe that shopping locally is good for our regional economy. The gigantic providers are not focused on service or new products, just on increasing profits.

Unfortunately, I am using ATT for our business wireless service and we get the runaround w/ every issue that comes up. When I call my local Broadband service I get a live person who cares about the service they are providing.

Thanks,

Raquel Gomes
