**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Stop handing over the public infrastructure to monopolistic corporations. For years the FCC has been inching its way to total domination of communications by a few powerful companies. People are paying too much and these companies are using these huge profits for acquisitions.

The internet should be seen as a public utility. The FCC has a duty to manage our communication infrastructure for the public good.

Please engage the public spirit that built this great nation and don't turn our communications into a feudal system.

Neil Holmgren
