**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Monopolies are a crime. Choice and competition are good for the consumer and help push progress. Let's not get left in the dark or degraded to stagnation when it comes to our Telecom's. Broadband gigabit internet is crucial to running a modern day ecomm or internet driven business. I choose a local company for the service and quality they provide. Which is much better than the Big conglomerates. We are waiting for gigabit internet to be able to be available in my area, so growth, expansion and innovation are what we need. Not monopolies. We need More competition to promote and propel progress!
