**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Freedom of choice is what this country has been about since it's inception. We need to stop the big corporations from taking all our freedom of choice by taking out it's competition which also leaves the consumer prey to the dependency on these big businesses even when the quality of the products offered are overpriced and of less quality. We are tired of being strong-armed by big money and stolen from by them as well. If service is the focus of these big Corporations then perhaps free enterprise would balance out the extreme greed which is nothing but a disservice to the citizens who pay for these services. Please stop taking away our right to choose by taking away our choices!
