**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in the Bay Area and for years the only choices that we had were either Comcast or AT&T. The monopoly has made these two service providers the only choices for either residential or businesses. The services are both comparably sub par, the prices have not changed for years and the only reason is that we as consumers do not have any other options. I used Sonic as an alternative. I enjoyed their service and specially their prices. Although small but I am glad that they can compete with the big guys. I think it is unjust to remove the competition and limit the consumers choice.
