**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am very happy to be getting low price gigabit fiber next month. This is only possible due to competition by local providers. This new service will save us money and provide better support for our three high school students with better access to educational support content.

Please keep local providers competitive. Do not allow the major national firms to corner the market and drive up prices.

Thanks,

Tadashi Nakadegawa
