**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is important in the compromise of any internet based service should not be allowed. When all power is stored into the small hands of large corporations the freedoms equalities in quality of services is severely compromised. Myself nor my community will not tolerate taking away competitive operators. The freedom of choice and freedom of speech now more than ever are enacted through the use of technology in medias driven through internet service, revoking the ability for other parties in competition to drive to the internet could lead to a serious breach in expression in Freedom.
