**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

There is no reliable option for high speed access in the city I live in. I work at home as a programmer and require reliable high speed to get my work done. Currently my only option cost \$125 a month for 13 Mbps down and even worse, 3 Mbps upload.

ATT and Comcast offer either slower speeds or totally unreliable connections.

We need real competition and a law to prevent them from harvesting and selling our browsing to advertisers.
