**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I went through 911, the dot com bust, and through so many ISPs going belly up. I'm a software engineer in Silicon Valley. I found Sonic.net through an engineer I hired at Visa International, my new hire had previously worked there. Sonic.net has been my saving grace through so many economic downturns - they provide great service anytime.

I am completely opposed to anything that changes this! And I vote.

I support broadband competition 100%.

Broadband is key and critical to my personal and professional life.
