Reason for Waiver Request	Consideration of Appeal Submitted After 60 Day Period From Date of FCDL Being Issued.
Funding Request No.	TBD
CC Docket No. 02-6	

## PORT OF LOS ANGELES HIGH SCHOOL

---

### APPEAL EXPLANATION:

USACs “Denied” decision for accepting an appeal filed 60 days after the Funding Commitment Decision Letter for 471 Application #161049787 was issued was based on the following information:

“Our records show that your appeal was filed more than 60 days after the date your decision letter was issued. Your appeal was filed on 02/27/2017. The Funding Commitment Decision Letter (FCDL) was issued on 12/19/2016. Federal Communications Commission (FCC) rules require appeals to be filed within 60 days of the date on the decision letter being appealed. FCC rules do not permit the Universal Service Administrative Company (USAC) to consider your appeal”.

After reviewing the information provided in the Receipt Acknowledgement Letter (RAL) for 471 Application #161049787, we discovered that there was a clerical error that mistakenly included this service with the funding request for long distance phone service (FRN #1699113658). On August 8, 2016, we submitted a RAL change for the application requesting that an additional FRN be added to the application to cover local phone service and supporting documentation to support our request was provided. During the Program Integrity Assurance (PIA) review process on October 13, 2016, the reviewer had a review inquiry and asked if we still wanted to add the additional FRN to which we responded “yes” and provided the supporting documentation for our pre discount monthly request of \$1069.42 per month. When the FCDL was issued on December 19, 2016, it did not include the additional FRN we had requested and agreed to with the PIA Reviewer. On February 27, 2017, we realized that this FRN was missing and therefore filed an appeal with USAC requesting that they add the additional FRN we had requested. USAC issued a revised FCDL and denied our appeal for the reason stated above.
