**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The big broadband providers overcharge for the services because they have few competitors. We need more small broadband providers to build a competitive market. Affordable internet and phone service should not be for just those that can pay large bills, more competition will mean more people can afford broadband. That in turn will enhance businesses, education, and enrich families.
