**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I demand that we keep analog copper landlines. I am NOT okay with unreliable wireless phone service. Landlines are compatible with fax machines, alarms, analog modems, rotary phones, etc. and wireless home phone services and VoIP are not.

If incumbent local exchange providers can't do their job and provide good telephone service at a reasonable price, then we need competition to ensure that a competitive provider WILL.
