**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have recently changed my broadband company from a very large provider that gave consistently poor service to a smaller but much better provider. Internet service is now more than the 10 times faster than promised and I no longer am disconnected as I was several times a day with my old provider. We really do need competition for our service requirements in this very computer centered society and it must be priced at levels we can afford. As a retired computer professional, I know what good service is and I know what we should be able to expect from an Internet Service Provider. My new ISP is doing a great job at a very reasonable cost to me.
