**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a Competitive broadband and Telephone service. I like having only one provider to deal with should service be needed. When these services are with multiple providers, at times of service needs, all too often each provider will blame the other or as the responsible party, leaving the customer in the middle, and with a delayed repair, until eventually the responsible party finally steps forward.

I do not want to be held hostage to national big business oligopolic companies such as Century Link, Sprint, AT+T, Verizon, for my TV, Internet, Cell Service needs. I like supporting local, small business.

I left Century Link because of yearly price hikes and poor service.

Please do not stifle competition. Big business doesn't have to, nor should they be allowed to, monopolize all electronic markets.
