Re: Applications of T-Mobile US, Inc. and Sprint Corporation, WT Docket No. 18-197

Dear Ms. Dortch,

As an Overland Park resident, small business owner, and active Board member with the Overland Park Chamber of Commerce, I would like to express my support for the merger of T-Mobile & Sprint.

We are very proud of both the innovation and support our hometown Sprint Corporation has provided to its industry and to our community. Recognizing the voracious level of investment necessary to compete in this space, the consolidation of resources and expertise between T-Mobile and Sprint Corporation will give both organizations their best shot at remaining competitive and innovative in wireless communication.

Our city, as well as our rural Kansas communities, will benefit from continued innovation and improved access to robust, high speed networks. We are also very confident that the talent needed to grow this combined enterprise is, and will remain, here in Overland Park, allowing for continued job creation and economic growth.

I appreciate your consideration, and I would eagerly offer myself available for any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Tracy", written over a large, faint, stylized circular graphic that resembles a spiral or a series of overlapping arcs.

Michael Tracy
