**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am currently using the internet service from a small provider, Sonic.

It offers much better service than big players like ATT. It is also not as expensive as ATT.

I want more competition. Nobody wants see big players to monopolize and hike prices.

I am very satisfied with service that Sonic provided. It also comes with cheap IP phone plan. I only need to pay 10\$ to call the whole world. It has a smart phone app that I can use on my cellphone. It is so convenient.

Previously, I have been a customer of ATT. The service is not as good as a small company. Smaller companies tend to have better services to attract customers.

Sincerely,

Shimin Song
