**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please protect internet users by continuing to allow more choice of service and quality service for all. Small internet service providers are often more affordable for individuals and small businesses like myself. The internet is an integral part of democratic access to knowledge and interaction. It should not be for sale to the highest bidder; rather, internet access is a public service.

Do not approve US Telecom's position to strengthen monopolies and reduce competition.

Thank you,

Margaret Morrison
