**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I previously had DSL Extreme and the connection was slow and unreliable. The service was always going down, so annoying. Plus, I had been a long time customer to once SBC than AT&T who has raised the price, but I still had to pay extra for toll calls, just a big rip off. I am against price hikes on my telephone and internet service, I cant afford it, thats why I have chosen the competitive provider. The company Im with now has excellent, reliable, reasonable service. They provide my internet and telephone service. I want more competition not less. I have all of this because of a level playing field. Please make sure we are giving good reliable service to people like me who have been paying more money for less service or no service.
